"Current trends in Rehabilitation, Sports and Sports Medicine"

I International Scientific-Practical Conference

Astana 2024

INFORMATION LETTER

I International Scientific and Practical Conference
"Modern trends in Rehabilitation, Sports and Sports Medicine"

May 23-24, 2024

Dear colleagues!

We invite you to take part in the I International Scientific and Practical Conference " Modern trends in Rehabilitation, Sports and Sports Medicine", which will be held on May 23-24, 2024 in Astana on the basis of Astana Medical University and the Academy of Physical Education and Mass Sports.

The purpose of the Conference is to consolidate scientists and specialists for the exchange of experience and discussion of various problems in the main areas of rehabilitation, sports medicine, as well as physical education and sports.

Russian and foreign scientists, specialists in the field of sports medicine and rehabilitation, physical culture and sports, kinesiotherapy and occupational therapy; instructors in therapeutic physical culture; teachers, researchers, doctoral students, undergraduates, postgraduates and students of higher educational institutions are invited to the conference.

Registration of participants via the link
https://conference.amu.kz/2024052324.php or by QR code

Scientific directions

1. Physical rehabilitation and sports medicine: ways of development
2. Digital technologies in the practice of sports and sports medicine
3. Scientific and methodological support of sportsmen's training: ways to find optimal interaction
4. Topical issues of sports pharmacology and nutritionology
5. Young scientists - Sports Science and Rehabilitation

Official languages of the Conference: Kazakh | Russian | English

Forms of participation

Full-time: speaker (presentation and publication of the thesis)
listener (participation in discussions with (without) publication of the thesis)
Correspondence: publication of the thesis.

Master classes are planned to be held within the framework of the conference.

The conference materials will be published in the form of an online collection of articles. The collection will be assigned the appropriate library indexes of the UDC, and the international Standard book number (ISBN). The conference materials will be posted in the RSCI database**.**

Application for participation

To participate, you must send the application and the abstract of the report by e-mail: **mua_apems_conference@mail.ru** (the application form is attached).
The deadline for accepting applications and materials for participation in the Conference **is May 5, 2024**.
Within 5 days after receiving the application and materials, you will be informed about your inclusion in the Conference.

Conditions of participation in the conference

Full–time and part-time participation in the conference is **free** of charge (publication of the abstract of the report, sending an electronic version of the collection of materials, an electronic version of the participant's certificate, posting Conference materials in the RSCI database).

The costs of travel, accommodation and meals during the conference are borne by the participants or the sending party, unless otherwise provided by the registration fee.

Contacts of the Organizing Committee:
- Candidate of Medical Sciences, Associate Professor **Gulnar Taytubayeva,**
tel.: +7-702-384-09-67;
- PhD, **Madina Baurzhan,**
tel.: +7-777-237-57-38.

Requirements for the design of materials for publication

General requirements. The conference materials in the form of a thesis should be executed using the software capabilities of Microsoft Word with the extension.doc (.docx), Times New Roman font, size 12, margins 2.0 cm on all sides, paragraph indentation – 1.0 cm (paragraph indentation using the "space" and "tab" keys is not allowed), interval 1.0, text alignment in width. Sealing of intervals is prohibited. Initials in the text and links are connected to the surname using an "indissoluble space" – M. B. Baurzhan). The volume of materials is up to 3 A4 pages**.**

Line-by-line design of materials:

1. **UDC** (uppercase, left alignment, font size 12 pt);
2. **Title of the abstract** (in capital letters, bold letters, centered alignment, font size 12 pt) (depending on the main language of the thesis - in Kazakh or Russian, necessarily in English);
3. **Initials,** Surname of the author, academic degree, academic title, position (centered alignment, font size 12 pt) (depending on the main language of the thesis - in Kazakh or Russian, necessarily in English);
4. **The name of the organization** (in full), city and country (centered alignment, font size 12 pt) (depending on the main language of the thesis - in Kazakh or Russian, necessarily in English);
5. **Abstract.** It should be in Kazakh or Russian, depending on the main language of the thesis, necessarily in English, include a description of the main topic, the problems of the scientific article, the goals of the work and its results. The annotation indicates what is new in the presented material in comparison with others related in subject and purpose. For English-speaking participants, it is possible only in English. The volume of the annotation is up to 50 words (italic font, width alignment, font size 12 pt);
6. **Keywords.** Both single words and phrases in the singular and nominative cases, which are separated from each other by a comma, can be used as keywords. The recommended number of words is from 5 to 7 (font italics. width alignment, font size 12pt) (depending on the main language of the thesis - in Kazakh or Russian, necessarily in English);
7. **Design of the list of references.** A list of references (from 5 to 7 sources) is required, designed in accordance with GOST 7.1-2003, Times New Roman font, size 12 (an example of design is attached).
8. Graphic images and tables in black and white can be included in the text, for which it is necessary to indicate their location in the article with links, for example – Fig.1, Fig. 2, tab.1 in word format. In total, no more than 2 units.

9. The responsibility for the quality of translation into English of individual parts of the article lies with the author of the publication, the use of automatic machine and online text translators is unacceptable.

10. Abstracts received by the organizing committee later than ***May 5, 2024*** or that do not meet the above requirements will not be published.
