

## **Information of the National Testing Center**

In the current year the Ministry of Education and Science of the Republic of Kazakhstan made a decision on the admission to the re-integrated testing of persons with testing results certificates, which are the results of the test have not overcome the specified minimum threshold or were rated "unsatisfactory" (less than 4 points) in subjects testing .

In this test, participants removed for violating the rules of behavior in the classroom and the use of the prohibited items, to re-take the test are not allowed.

Re-integration testing will be held in late August in conjunction with testing for students engaged in the translation of foreign universities in Kazakhstan universities.

Acceptance of applications - in early August.

Reception of documents and testing will be carried out by admission committees of higher educational institutions approved by the Ministry of Education and Science of the Republic of Kazakhstan. Passing the test will be carried out on a fee basis, within the approved price list (of the admission test in higher education institutions of Kazakhstan - 2242 tenge).

Re-integration testing involves the surrender of 4 subjects, 3 of which are compulsory:

- Learning the language (Kazakh or Russian);
- mathematics;
- history of Kazakhstan;
- One optional subject depending on the elected specialty. Testing time 2 hours 30 minutes.

The test results for the waste practice will be announced the day of testing. The procedure for an appeal is not provided in the form of a test.

As a result of re-integrated testing, in the case of overcoming the minimum threshold permitted entry to paid departments of universities of the Republic of Kazakhstan.
